

ACADEMIC SYLLABUS (CURRICULUM) REQUIREMENTS

For the Council to assess your qualification, you need to provide the following Academic Syllabus (Curriculum) information.

1. Title of the qualification programme
2. Name of the provider of the qualification programme
3. A general outline of the programme and its structure, including:
 - The year(s) the curriculum information relates to
 - Number of years it takes to gain this qualification
 - Identification of compulsory and optional subjects
 - How students gain clinical experience
4. Individual course prescriptions with learning outcomes including:
 - Subject names and the topics studied within each subject area
 - The learning outcomes and level of study for the student in each subject area
 - The number of credits/hours of study required for each subject area
5. Description of the clinical component of the programme (for example):
 - Clinical work experience
 - Clinical tutorials
 - Time spent in clinical practice
 - Record of clinical work
6. Description of how the programme assesses the student's clinical competency
